

Built for Your Needs

EDUCATION WORKFORCE MANAGEMENT SOFTWARE

NEOED is a comprehensive and integrated platform designed specifically for the needs of human resources for educational institutions.

The success of an educational institution's mission depends largely on its employees, placing immense pressure on human resource teams. From finding capable candidates and maintaining a commitment to equitable hiring, to addressing the unique experiences of various employee types and creating growth from within, there are a multitude of moving parts that must be efficiently managed.

Made up of three integrated modules - **Recruit, Develop, Manage** - the NEOED platform meets the unique challenges of educational institution HR teams by automating and supporting the entire employee lifecycle, making for a collaborative, configurable experience for the entire campus employee community.

How the NEOED Workforce Management Platform Supports

THE ENTIRE EMPLOYEE LIFECYCLE

MEET YOLANDA

She is responsible for HR at her organization. She's just learned that an employee has given notice!

She posts a job listing on one of her school's branded career sites.

To increase applicants, she boosts the posting to other job boards without leaving the platform.

Based on set criteria, the system automatically determines which candidates meet minimum qualifications.

Candidates self-schedule written exams. Text reminders are sent the day before.

Yolanda creates a task for IT to set up Nicole's workstation.

Nicole receives a link to the employee portal so she can complete her I-9 and W-4 before she starts.

MEET NICOLE

She just received an electronic offer letter and e-signs to accept.

Thanks to an integration, a background check is processed for the top candidate.

Throughout interviews, all raters add scores and comments.

When Nicole arrives for the first day, Yolanda adds her to payroll.

MEET JIM

As Nicole's manager, he will approve her timecards in the system.

Jim receives an assigned task from HR to set up Nicole's goals and schedule check-ins.

Based on a development plan, Jim enrolls her in training courses and is notified upon completion.

Nicole's paycheck is less than she expected. She checks her deductions in the self-service portal.

Nicole checks her vacation balance and submits a request for time off.

Two weeks later, Felix runs a report. Everyone has passed -- they are 100% compliant!

It's time for annual sexual harassment training. Every employee receives a video link and quiz.

MEET FELIX

He oversees employee evaluations and training across the organization.

Throughout the year, Jim meets with Nicole and tracks her progress using journal entries.

While on leave, Nicole got married! She changes her last name and adds her new husband to her benefits.

Nicole has been temporarily helping another department, so she allocates hours on her timecard to a different budget.

It's time for open enrollment! Employees log in and make their selections.

Managers get automated reminders to complete evaluations.

Felix watches the annual evaluations come in, excited to identify future leaders.

Using the NEOED platform makes it easy for education human resources teams to build, maintain, and train the workforce that serves our communities.
