Our Products and Services

NEOGOV/NEOED is the nation's leading provider of Human Capital Management software specifically engineered for the public sector and higher education. By automating the entire employee lifecycle—from recruitment and applicant tracking to onboarding, performance management, payroll, benefits, time and attendance and more —NEOGOV enables agencies to streamline complex civil service hiring and administrative workflows. This comprehensive suite helps organizations reduce time-to-hire, improve candidate quality, and ensure data-driven decision-making across all departments, ultimately allowing public agencies to operate more efficiently with limited resources.

[NEOED Products Overview](#)

PowerDMS by NEOGOV, provides a critical compliance and policy management pillar designed for high-stakes environments such as law enforcement, fire/EMS, and healthcare. The platform serves as a secure, centralized repository for the distribution and tracking of policies, while mapping those documents directly to state and national accreditation standards to ensure audit readiness. Together, NEOGOV and PowerDMS offer a unified ecosystem that reduces organizational liability, simplifies workforce training, and promotes transparency, providing TexasDIR members with a total solution for building and protecting a high-performing public workforce.
